

My 7 point plan is a reflection of what I believe would move North Bay toward being “the best it could be”.

1. More Business. More Jobs. More Growth.

The City is competing with the rest of the world to bring businesses home.

Establishing a team of local business leaders to help identify barriers to our economic prosperity & help create solutions.

2. Aerospace Supercentre.

It’s time for North Bay to graduate to the next level in the Aerospace sector.

Westjet/Porter, Heritage Festival & Airshow, Flight Training & SAR Hub, MNRF Base.

3. Our Waterfront.

Let’s make our community’s gathering place even better.

Engaging the DIA, the Arts, Heritage Gardeners, CWF, Heritage North Bay, & Volunteers of the Train & Carousel

4. Supporting & Growing CFB North Bay.

CFB North Bay’s importance cannot be overstated.

Organizing a "North Bay Salutes" committee that will champion the growth and health of 22 Wing.

5. Building Community.

Quality of life means different things to different people, not every project is about “bricks & mortar”.

A healthy community needs the arts, parks, active living & environmental leadership. Roads are important, but open spaces, and a place for our kids to play is what gives a community its heart & soul.

6. Infrastructure Priorities Reset.

I firmly believe in a steady, planned and sustained investment in infrastructure.

It’s not the time to stop investing, it's the time for smart investing - future generations deserve our leadership.

7. Leading Our Future.

Better political relationships will benefit everyone.

As leaders we are laying the path for our citizen's future, and being adversaries will never accomplish as much as being partners.
